

AUDIT TAX ADVISORY

AGRIBUSINESS SERVICES

At WithumSmith+Brown, PC (Withum), our experience and dedication to professionalism means you can succeed no matter what nature throws your way.

Withum has serviced citrus growers, plant nurseries, blueberry and strawberry growers, vegetable farmers, fruit import/export operations, cattle ranchers and dairy farmers. We are experts in tax planning, audit services, and tax preparation. We provide guidance on handling the complex requirements of conservation easements, transitioning property from farming to development, and succession and estate planning for the family agribusiness.

Our philosophy is to develop and foster long-term business relationships. We strive to provide consistent service through continuity at both the staff and management levels.

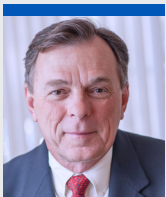

Our team of dedicated experts has extensive experience providing audit, tax and advisory services to over 100 agricultural businesses and are ready to assist you in reaching your goals. We understand the complexities of these industries and the compliance issues that you face.
