STARTUP AND EMERGING GROWTH SERVICES

TAKE A SEED OF AN IDEA AND WATCH IT GROW INTO A THRIVING BUSINESS

The startup and emerging growth marketplace is inundated with unique challenges. As your strategic accounting and consulting partner, WithumSmith+Brown, PC (Withum) understand those challenges and are here to help. Let us focus on your tax, accounting, audit and consulting needs so you can do, what you do best - grow and scale!

WHAT SETS WITHUM APART?

- Withum is the 28th largest accounting firm in the country, with 14 offices and 700 employees.
- The startup and emerging growth services niche has over 700 clients who range from boot-strapped startups to household names in the tech marketplace.
- We are one of the largest provider of services to the Emerging Growth and Technology sector in the Northeast.

We specialize in HealthTech, SaaS, E-Commerce, AdTech, Digital Media, Software Development, FinTech, EdTech, ManuTech, Robotics and Social Media among others.

“The Withum team has advised us on a number of complex issues ranging from equity transactional services to tax compliance and credits. They are more than accountants in the traditional sense, and have become our trusted advisors and business partners to whom we seek guidance on a broad range of accounting, tax, and business matters.” ~Peter Benevides from Olo
