

## REVENUE RECOVERY SERVICE

Withum recognizes that during this time of significant cashflow interruption, medical centers are viable candidates for our retrospective billing analysis. We will review Medicare claims that were incorrectly billed and recover funds to maintain positive margins for your organization.

**4-YEAR RETROSPECTIVE REVIEW**

**CLINICAL AUDIT IDENTIFIES MEDICARE ADD-ON REVENUE OPPORTUNITIES**

**NO RISK, CONTINGENCY BASED**

**MINIMAL DATA REQUIREMENTS**

### WHY WITHUM

Withum has extensive experience recovering additional Medicare revenue for hospitals with patients who have received inpatient care that is eligible for add-on reimbursement over and above the DRG. These include a smaller volume of patients, however, claims with opportunity have significant revenue potential. Our highly-skilled Healthcare Advisory Team has deep knowledge and expertise in hospital reimbursement and proven techniques integral in engagement delivery.

- Ability to recover claims outside of timely filing
- Minimally invasive
- Identify opportunities to provide a roadmap for process improvement
