Withum's Construction Services Team (CST) is committed to ensuring your business operations flow smoothly so you can focus on the bigger picture — running a competitive company. With a dedicated team of Certified Construction Industry Financial Professionals (CCIFP®), Business Advisors and Technology Partners, we know your industry inside and out.

Withum has become synonymous with teamwork and quality client service. We provide our clients — large and small — the most relevant, up-to-date industry information on the changing tax and accounting regulations. We constantly seek innovative ways to help companies increase profitability and manage tax liabilities. We treat every client as a unique and individual relationship.

With many offices across the country we strive to provide local personal services and the customized support many in the construction industry are accustomed too.

Withum serves all types of contractors and builders, distributors, suppliers, manufacturers, equipment dealers, recyclers, demolishers and construction service providers.

SERVICES TO THE CONSTRUCTION INDUSTRY

- Accounting and Auditing
- Benefits and Benchmarking Analysis
- Cost Segregation Studies
- Technology Solutions
- Entity Selection and Corporate Restructuring
